S.P.BEVON MSS.

This collection consists of material received from a Wrexham solicitor, relating to his personal and business affairs, and to some of his clients. The bulk of S.P.Bevon's personal papers consist of correspondence about properties he owned in Wrexham, and reports and prospectuses of various mining and plantation concerns abroad, in which he owned shares. There is no autobiographical material.

The rest of the collection has been sorted into sequence by parish, with separate sections for court cases and election papers, as there is no large quantity of material relating to an individual client.

Perhaps the most interesting item is a photograph showing the range of products made by Ewloe Potteries, Buckley, in the 1920s. Other interesting subjects include Ffos-y-go Colliery, Gwersyllt, 1901-4; the appointment of a receiver for the New Llangollen Slate and Slab Company. 1898-1903; prospectus of Broughton Hall Iron Company, c.1890; complaints about conditions at Croesnewydd Military Hospital, Wrexham, 1917; and a dispute over building costs of a new church at Brynteg, 1894-5.

There are also some files of papers relating to S.P.Bevon's clients, 1920-40, in the Wrexham Library collection. DD/WL/256.
