WESTCOTT HOUSE ARCHIVES Box 2.61

"47 Letters from BFW to son Arthur". This is the entry according to the WH Archives List. However the material contains a letter from BFW to an unknown (PERHAPS TMW). The letter is incomplete; however that the letter is early is indicated by the style of writing which is much clearer, in brown ink and slightly smaller than W's later style. Accordingly this is given first in the list. There is also one letter that is a double letter (ie a different writer on each of the two sides of the folded notepaper) — the first 2 sides are from his sister Mary the second from his mother)signed "L.M. Westcott". It dates from the period when Arthur was in or had just returned from India. In fact there are 2 letters to Arthur from those other than BFW. Perhaps these ought to be renamed simply "Letters to Arthur Westcott" and add from whom later. Accordingly the letters are divided into two sections. Those to Arthur from other than BFW and those from BFW. The letter puted to be to TMW ought perhaps be moved to the Whittard group. Here it is given first. The letters include a number which have a pencilled cross at the top — possibly indicating that Arthur was marking them for use in *The Life and Letters*. There is also the original Latin dedication to his seven sons dated 1880 which is also pencil-crossed.

2.61.1 Early letter (incomplete) from BFW to [?? — TM Whittard?], Jan'y ??

Description: that the letter is early is indicated by the style of writing which is much clearer, in brown ink and slightly smaller than W's later style. Thomas M. Whittard to his mother, Birmingham Oct 28th, 1838, with added letter from Mrs. Sarah Westcott to Mrs Whittard

Description: Paper size larger than others — folded sheet which, when folded makes each page about foolscap size whereas most of the others are about exercise book size after folding in half. Note that the name here appears to be Whittard although archival records have Whithard. The Life 1.8f uses both Whittard and Whithard

Description of second letter: on second page Mrs Westcott's letter written down the page and across.

2.63.1.2

Thomas M. Whittard to his mother, Birmingham Nov 21st 1838, with added note from Mrs Sarah Westcott to Mrs Whittard

2.63.1.3

Thomas M. Whittard to his mother, Birmingham April 7th [1839]

Description: 1839 is pencilled onto the letter in another hand. Back of letter simply: Mrs Whittard. No address — may have been included in something else. Wax seal. Given the reference to the newspaper clipping with a noting of both TWM and BFW's names the date of the letter can be pinpointed to 1839. See below 2.63.10.1

2.63.3

Letter of Louisa Whittard to her brother (Thomas Middleton-Whittard — popularly known as "Mid" — see Life 1.12)

Description: Letter not have year but noting that it was written from Bristol, whence Whittard family moved, leaving Thomas with Westcott family, 1838 to autumn 1841 — Life 1.12 (for his schooling) the date must be after 1838 and the letter introduction suggests perhaps 1839 — the letter 2.63.1.1 might refer to the basket and hence to be dated just prior to October 3rd 1839.

2.63.4 3 letters from BFW to Thomas M. Whithard 1844, 1847;

In fact probably only two letters, to be combined with 2.63.5. A letter to be added is one to TMW written from Harrow — only Nov 22nd as the date. These letters were sent to WH by P. Middlemore Whithard, TMW's son. The problem is that in another hand on the containing envelope it states "Also letter from Benson the Archbp & Sir Walter Besant but these are not in the envelope. — however see below.

Description: On folded notepaper and from the style of the handwriting dating from his school period

2.63.7

Description: written on two folded notepapers. Benson's address is given as Rugby.

2.63.9

letter (fragment) from Mrs S. Westcott to Mrs Whithard not dated [c. Oct.-Nov 1838]

2.63.10.1

torn page, from Aris's Birmingham ...?, containing prize list, April 8, 1839

2.63.10.3

Prize and Merit List with TM Whittard's School Report, December 1840

Description: folded sheet circa A3 size (hence into two foolscap sheets). The first two sides are typeset lists of boys in the various classes and their prizes and, apart from the first class who are arranged by seniority, merit. WESTCOTT HOUSE ARCHIVES BOX 7.

(The listing describes the holding as "101 letters from BFW to his wife, Mary". This box is a small card drawer inside a card box, 7 x 4 inches. The letters to Mary have been numbered in pencil. The numbers following 7.85 correspond to these unless otherwise stated. Note that the attempt was to place them in chronological order but because of the difficulty of reading Westcott's writing at times, the original collater mistook some dates, which have had to be corrected on the basis of the content of the letter eg 7.85.28)

7.85.30 Letter from Brooke Foss Westcott to his wife Mary, Feby 25th (1874)

Description: from Chapter House, St. Paul's. The date has the same difficulty as 7.85.27 but is so like it that it inclines me to think that §27 might be Feby as I think this one is. No year is written on the note so the presumption that it was dated from an envelope and pencilled on the letter, will have to be made.

WESTCOTT HOUSE ARCHIVES Box 7, No. 86

In the Archive Box 7, there are six letters given the number 86 which are described as "not dated". This refers to the absence of any Year in the written dating — the day and month are given. Both the style of writing and the place of writing show that they come

from a wide spread of time. This appears to be recognised also by the collater who has placed them in rough chronological order, but they are not numbered in pencil as 7.85 letters are. The content may give some clue as to date as also comparison with the letters printed in *The Life*. The use of "Mary" indicates that it is after 1847 when BFW began to call Miss Louisa Whittard, "Mary" (sometimes "Marie" as in 7.86.2)

WESTCOTT HOUSE ARCHIVES Box 7, No 87

Listed as: BFW letters to Hort (4), Stanley (2), the Secretary of CMS, Maurice, Abp of York (W.D. Maclagan). In fact there are three letters to Hort — the first is one letter torn in half along the fold of notepaper and counted as two separate items in the inventory; the third is fragmentary and is listed as to Hort (by a pencilled note in another hand) even though the first page is missing. There are also three letters to Stanley. And there are two letters to the Editors of newspapers - unknown. Some of these letters have been pencilled with numbers, perhaps in attempt to create some order.

Description: the letter is the second half of folded notepaper and has a pencilled note at the bottom of the second page (=the fourth page of std notepaper letter) that it is "to Dr. Hort. 1890" but this is unsure unless the debate referred to in the letter about the Regius Professor's vote is a clear indication of the time.

Description: Single sheet — no place name written. date could be 1891 and this has influenced the order of collation. However, the signature is BF Westcott whereas 7.87.1.3 (if it is to Hort) is signed BF Dunelm. If this is accurate then 1890 is the more likely.

7.87.1.4 Letter from BFW to FJA Hort, March 11th 1890
