Christine Heap*

Records of Croxley Mill, Watford

Archives : Crox

- A1 1889 - 1894 Chemical Analysis reports from Norman Evans and Quirin Wirtz consulting chemists and analysts by appointment to Papermakers Association of Great Britain. Bound volume.
- A2 1883 - 1889 Miscellaneous letters and memos re paper production.
- A3 1880 - 1897 Miscellaneous tracings and drawings of paper making machinery.
- A9 (nd) (Envelope entitled) Dahl's Process (containing) correspondence and calculations of C.F.Dahl.
- A19 1897 (Folder entitled) A.B.Apsley Croxley Note Paper, Names, Watermarks (containing) correspondence with Apsley Mills re names to be used for its notepaper products.
- A29 1890 (envelope entitled) Trial Animal Sizing Evans and Wirtz (containing) reports by P.N. Evans and Dr Q Wirtz, consulting chemists, on animal sizing trial.
- A52 1901 - 1906 (Folder entitled) Direct Filling - Reduction in Staff (containing) comparative tables of staff employed, paper produced 1900-1906 and savings made over that time.
- A55 1904 May (Folder entitled) Alteration Electric Wires to Nuffield (containing) correspondence with Post Office Telegraphs re power lines crossing canal.
- A59 (nd) (Folder entitled) Wood Pulp Sampling (containing) rules and suggestions for wood pulp moisture tests.
- A66 1897 (Envelope entitled) Coating on Machine (containing) drawing and explanation of machine by Horton Kirby and Co. 1897.
- A69 1898 (Folder entitled) Continuous bleaching - Wood Pulp (containing) correspondence with Bentley and Jackson Ltd, Bury, and Masson, Scott & co Ltd re estimates for new continuous bleaching chests.

A70	1898 July	(Folder entitled) Scheme Backwater No 4 Machine (containing) correspondence with H. Bertram & Co. and other suppliers re Machine Backwater purifier.
A82	1898-9	(Folder entitled) Grinding Machine (containing) specifications and correspondence with Masson, Scotland Co. Ltd., London, James Bertram and Son Ltd., Engineers, Edinburgh et al re supply of grinding machine.
A89	1907 May - 1908 Oct.	(Folder entitled) Ambersize (containing) correspondence and reports on Ambersize supplied by Messrs. Fox, Stockwell and Co., London.
A91	1899	(Folder entitled) Early Closing and Eight Hours Shifts 1899 (containing) correspondence, voting papers and calculations of effects of changing working hours 1890 Jul - 1902 Oct.
A96	1899 Dec - 1900 Apr.	(Folder entitled) Backwater Nos. 1 and 2 Machines 1900 (containing) estimates and correspondence with R.H. Hulls & Son, High Wycombe, re connecting Nos. 1 and 2 machines to
A97	1900	(Folder entitled) Appointment of Machinemen and Beatermen 1900 (containing) applications for above posts.
A98	1901 Oct.	(Folder entitled) Appointment of Machinemen and Beatermen 1901 (containing) applications for above posts and comments on the candidates.
A102	1901 June	(Folder entitled) Backwater to No. 6 Machines (containing) estimates and correspondence with James Bertram & Son Ltd., Edinburgh re Fullner Patent Stuffcatcher or economiser and No. 6 backwater scheme.
A109	1902	(Folder entitled) Paddington Wharf Proposed Enlargement, Proposed Transfer to Mills (containing) correspondence with Grand Junction Canal re Paddington Wharf and estimates for new proposed boat scheme.
A114	1902 Dec.	(Folder entitled) Ventilation Rag Dusting House, Sirocco Fan, F102 (containing) correspondence with Davidson & Co. Ltd., London, re supply and fitting of Sirocco Fan.
A121	1901 May - Jul.	(Folder entitled) Esparto Side Improvements in Washing and Working 1901 (containing) sketches, proposals and correspondence re alteration of grass blowing and supply of new washing tanks.
A124	1903 July	(Folder entitled) Frieclaim, also Replacing Stuff Papers and Carrying out Reports (containing) correspondence with insurers, estimates and specifications for repairs following fire at Croxley Mill.

- A126 1909 March (Folder entitled) Coating Plant suggested by Mr Johns (containing) correspondence and estimates of cost of coating machine and its effects on production.
- A129 1902 Dec - (Folder entitled) "B" No 2 sizer and Air Dryer 1902 Dec (containing) correspondence and estimates for new Air Drier Room and New Tub Sizing House.
1903 Jul
- A130 1910 Jul (Folder entitled) Rag Output Mr Lewis Evans' Enquiry 1910 (containing) memoranda re cost of rags.
- A131 1910 Mar - Jun (Folder entitled) Low Pressure Turbine (containing) correspondence with D.Selby Bigge & Co, Electric Power Engineers, re low pressure turbine for driving machines at Croxley.
- A136 1911 Jul - (Folder entitled) Egyptian Rag Supply Scheme. Also: 1912 Jul Cotton Roots and Stalks 1911 (containing) correspondence with W.E Kingsford re Egyptian Rags and their possible value for paper making.
- A140 1902 Dec - (Folder entitled) Heater Wood Bleaching 1902 Dec. (containing) correspondence + blueprints of Steam Feed and Ejector Water Heaters from Holder & Brooke Ltd, WJ Fraser & Co., Royles Ltd and Joseph Wright & Co
1903 Nov
- A150 1900 Jun - (Folder entitled) 100 tons Wood Bleaching Plant 1900-1 (containing) estimates of bleach used, correspondence, specifications and estimates for new bleaching plant from Masson, Scott & Co. Ltd and associated work from various suppliers.
1901 Sept
- A151 1903 Mar - Sept (Folder entitled) Improvements to No 4 Machine Whites Drive, Strainers Rolls etc. (containing) correspondence with James Bertram & Son Ltd, Edinburgh re supply of materials for No 4 machine.
- A155 (Folder entitled) Air Heaters No 6 Machine House also Calender House and Bottom Salle (containing) correspondence with Davidson & Co. Ltd and Sturtevant Engineering Co. Ltd re supply of Air Heaters (includes drawings and leaflets)
- A157 1902 Nov - (Folder entitled) Suggested Improvements Rag Department (containing) correspondence re Rag Washing, Dusting and Disintegrating machinery.
1903 Feb
- A158 1890 Feb (Envelope entitled) Dr Wurster's Report 1890 (containing) suggestion from Dr C Wurster about alterations and improvements at J. Dickinson Cos mills at Croxley. (rough and neat copies)

- A162 1905 Jan - Apr. (Folder entitled) Purchase of Tank or Gas Holder, Liquor Tank for Evaporating House (containing) correspondence with Watford Engineering Work, J. Firth Blakeley & Co., Dewsbury, A. Roberts & Co., Leeds et al re supply of Tank and Gas Holder.
- A166 1905 Mar - Apr. (Folder entitled) Bleaching House Soda Pulp Pipes and Drainage. Drains upper level (containing) sketch of piping and quotation for supply of flanged pipes.
- A167 1912 Oct. (Folder entitled) Lime Sludge for Agricultural Purposes (containing) correspondence with Thomas Tait of Inverurie Mills re use of waste lime.
- A170 1903 Jul - 1906 Sept. (Folder entitled) Proposed Fire Protection Work (containing) suggestions re fire precautions and correspondence with Fred K. Braby & Co. Ltd., Galvanised Iron Manufacturers re supply of guards.
- A172 1905 Jul - 1907 May (Folder entitled) Kestner Evaporator Addition to Recovery Plant (containing) correspondence with Paul Kestner re supply of evaporator.
- A182 1906 Oct - 1907 Nov. (Folder entitled) Three Colour Machine 1906 (containing) correspondence and estimates from R. Hancock Engineer and Contractor, London, Ferdinand Fursch, Offenbach, Otto Leckla, London, for three colour machines and associated items.
- A187 1912 Sept - 1913 Jan. (Folder entitled) Half Stuff Dept. Additional Plant to Avoid Working Three Shifts, Causticising Pot, Alum Tank, Size Storage Clay Mixing & Storage (containing) correspondence with Robt. Paglish & Co. Ltd., Engineers, Boiler Makers etc., and notes on proposed additional plant.
- A190 1900 Sept - 1905 Jan. (Folder entitled) Price Book No. 3 (containing) correspondence and memos re price and size of paper and methods of sale, memoranda re Croxley Country Business.
- A191 1900 Sept - 1903 Aug. (Folder entitled) Price Book No. 2 (containing) correspondence and memos re paper sold, the payment of carriage/delivery of paper, country travellers and country trade.
- A192 1899 Nov - 1900 Nov. (Folder entitled) Price Book No. 1 (containing) correspondence and memos re price of paper, meetings with The Paper Makers' Association to discuss price of paper, country carriage arrangements between Old Bailey and Croxley, London representation of Croxley, Country trade, bill headings.

A196 1905 Mar

(Folder entitled) Improvement Top Chairi Coal
Shed (containing) correspondence re the price
and purchase of a spiral conveyor. Trade
catalogue of The Conveyor & Elevator Co. re
bucket elevators.

- A 200 1907 Dec -
1909 Aug (Folder entitled) 1908 Green's Economiser & Dust Chamber at Small Chimney (containing) correspondence re installation of new Economiser and dismantling of old one, and rebuilding of main flue. Specification and Estimate for Green's Economiser. Correspondence re Dust chamber at Tall Chimney.
- A 202 1909 Oct-Nov (Folder entitled) Statement Lreph (?) Cutting machine three sided No3 (containing) correspondence and memos re the purchase and installation of a cutting machine. Trade Literature from Oscar Friedheim.
- A 203 1907 Oct (Folder entitled) New Fire Proof Dandy Roll Room (containing) memos re expenditure on Dandy Roll Room.
- A 209 1907 Jul-Oct (Folder entitled) Linen Centre Paper (containing) memos re the cost of cloth lined (centred) paper and samples of paper.
- A 211 1907 May -
1910 Oct (Folder entitled) Re No 3 Machine "Patent" Cloth Lined Paper. First Make May 1907. Also letters Admiralty containing correspondence and memos re the price of paper, particularly cloth lined paper, with trade samples, and experiments to improve cloth lined paper.
- A 213 1911 May (Folder entitled) Improvements to Beater House (containing) memos re the cost of improvements to Beater House.
- A 214 1910 May-Jun (Folder entitled) Tachometer (containing) correspondence and memos re purchase of a Tachometer, includes trade literature.
- A 215 1911 Jan- Feb (Folder entitled) Alterations (:) Repair Shop Lapping Machines (containing) memos re cost of alterations to the Repair Shop to make a separate chamber for the Lapping Machine.
- A 218 1909 Jun -
1910 Dec (Folder entitled) Boiler House Roof (containing) correspondence and memos re the repairs to the boiler house roof and the lean-to roof.
- A 219 1910 Feb-Oct (Folder entitled) No. 2 Mill Machine B (containing) correspondence and memos re the furnishing of a new mill machine room, includes drawings of machinery (hoist).

A220	1909 Feb - Dec	(Folder entitled) Number One Milling Room (containing) correspondence and memos re building and roofing of milling room, plus machinery, includes drawing and trade literature.
A221	1909 Apr - Aug	(Folder entitled) Fire Protection in Rag Sorting House (containing) correspondence and memos re improvement to rag sorting house, includes drawing.
A222	1910 Feb - Jul	(Folder entitled) Esparto Boiling House Roof (containing) correspondence and memos re expenditure on Esparto boiling house roof.
A226	1910 Feb - Apr	(Folder entitled) Conversion of No 20 Potcher into Potcher Beater (containing) correspondence and memos re conversion of potcher into beater..
A227	1909 Oct - 1910 Mar	(Folder entitled) Reel Room by Milling Room (containing) correspondence and memos re building new shed and gangway, especially lean-to roof, includes blueprint (of lean-to roof)
A228	1909 Oct - 1910 Jul	(Folder entitled) Transporters for unloading wood pulp and Esparto (containing) correspondence and memos re installation of unloading machinery, includes plans, blueprints, trade literature and a photograph.
A229	1908 Dec - 1911 Mar	(Folder entitled) Double Ram Pump (second set of Settling Ponds) correspondence and memos re installation of double ram pump for second set of settling pumps.
A230	1910 Aug	(Folder entitled) Substitution of copper pipes for iron ones (containing) memos re substitution of copper pipes iron ones in various parts of machine and beater houses.
A235	1910 Sept	(Folder entitled) Additional Effluent Pipes (containing) memos re the installation of additional effluent pipes from settling ponds.
A238	1911 Apr - 1912 Jul	(Folder entitled) Softeners Ltd and Softness P.A Thomas (containing) correspondence and memos re installation of a water softening process.
A239	1911 Feb	(Folder entitled) Trinidad Grass (containing) correspondence and memos re quality of paper made from Trinidad Grass, includes a sample.
A240	1911 Mar - Apr	(Folder entitled) Mexican Grass (containing) correspondence and memos re methods of manufacturing paper from Mexican Grass, and the quality of shipments of grass, includes samples.

A244	1911 Dec	(Folder entitled) Drum Pump for No. 6 Mc (containing) correspondence, a blue print and trade literature re installation of a drum vacuum pump for No 6 Machine.
A248	1911 Oct - 1912 Jan	(Folder entitled) Manchester Paper Stock Warehouse Agreement John Wright (containing) correspondence and memos re premises in Manchester, rents and dimensions, and stock to fill them and fittings. Birmingham and Liverpool warehouses also mentioned. Includes drawings.
A257	1911 May - Dec	(Folder entitled) Banning Rotary Strainers (containing) correspondence and memos re the purchase of a rotary strainer from F.H. Banning & Seybold for No 7 Machine and for No 5 and No 2 Machines.
A262	1910 Nov - Dec	(Folder entitled) Alterations to Electrical Plant to meet Home Office Regulations (containing) correspondence and memos re improvements necessary to meet Home Office Regulations - electricity Regulations.
A268	1912 Apr - 1929 Apr	(Folder entitled) Vickery's Laying Machine & Trucks (containing) correspondence and memos re the purchase of a Laying Machine, includes items of trade literature.
A282	1912 Jun - 1913 Apr	(Folder entitled) Alteration and extension of rag dusting house (containing) correspondence and memos re improvements and enlargement to rag dusting house and extra items such as fans, to be installed, includes drawings.
A283	1913 May - Jun	(Folder entitled) Guillotine Stationary Dept (containing) correspondence and memos re purchase of 48" Furnival Guillotine.
A284	1913 Jan - Dec	(Folder entitled) Tub-sizing and Air Drying Machine (containing) correspondence and memos re installation of "C" tub-sizing and air drying machine, various parts and pieces of the equipment, includes trade literature and various specifications.
A286	1908 May - 1914 May	(Folder entitled) Proposed Re-assessment of Mill (Also memos re visit of Rickmansworth Rural Overseers and their re-assessment of Mill's rateable value.
A287	1913 Dec	(Folder entitled) C Linen Facing Machine (containing) memos re the alteration of old Super-Calender into a Linen facing machine.
A288	Date unknown	(Folder entitled) Wood Pulp Mills (containing) index of Swedish pulp mills and amounts ordered from them.

A290	1912	(Folder entitled) Merz & McLellan Completion of Electrification (containing) correspondence, report on Extensions of Electrical Installation, Plan of Croxley Paper Mill, Rickmansworth.
A293	1912	(Folder entitled) Water Softeners to replace Stanhope (containing) correspondence, trade literature, tenders, plans.
A301	1912	(Folder entitled) Working Hours Question Part 2 (containing) calculations on the effects of alterations in the working hours on Croxley Balance Sheets.
A304	1913	(Folder entitled) Making Cylinder Drum No 3 Machine (containing) correspondence, wire sample.
A309	1914 June	(Folder entitled) Secondhand Burnishing Mc for "D" Linen Facing Mc. (containing) correspondence, trade literature, plan.
A314	1915	(Folder entitled) No 2 Mc alterations - Shop work - supplement (containing) estimate, correspondence.
A315		(Folder entitled) Reduction to Cost and Depreciation of Flat Paper Stock from 1908 to 1/1914 balance sheet.
A318	1914 Jan	(Folder entitled) Duplex Cutter - Masson Scott & West End Engine Co. (containing) trade literature, specification correspondence.
A326a	1915 Jun	(Folder entitled) Valuation of Mill. Re-arrangement of Fire Insurance. Also Fire Doors, Hand Fire Appliances, Sprinklers (containing) insurance documents, plans, correspondence, estimates, trade literature.
A326c	1925 1935	(Folder entitled) Sprinklers (containing) correspondence, and internal memos.
A328	1910	(Folder entitled) Proposed Photographic Paper Mill Caldwell & Further Estimates 1918 (containing) estimates, correspondence, samples of paper.
A338		(Folder entitled) Vol 1 Tennant & Barr Use of Exhaust Steam and Completion of Electrification (containing) correspondence, estimates, plans, telegram messages, Report No.36.1.5155 upon the provision of electrically driven plant at the Croxley Paper Mills, Watford, supplemental to Report No.36.1/5146, Mr Chawners (?) Report.

A338	Contracts:	<p>For two alternators at the Croxley Paper Mills For two vertical engines at the Croxley Paper Mills Watford (Herts) For Five Water Tube Boilers and Accessories. For Steam and Water Pipework. For Extensions to Power Station Buildings and Foundations. For three-phase Motors for the Croxley Paper Mills, Watford (Herts). For three-phase switchgear. For Low Tension Cables and other material at the Croxley Paper Mills. For certain structural alterations under the Beater House, at the Croxley Paper Mills, Watford, Hertfordshire.</p>
A349	1915 Oct	(Folder entitled) Additional Drainers for Seasoning Photographic Pulp (containing) memos.
A353	1916 Feb & 1919	(Folder entitled) Restriction of Imports (materials and paper) Returns to Board of Trade (containing) statistics, correspondence.
A354	1916	(Folder entitled) Restriction of Imports Returns to Royal Commission on Paper (containing) correspondence, regulations statistics.
A367	1915	(Folder entitled) Manufacture of Munitions for War dept. (containing) correspondence, circular.
A377	1917 Jul	(Folder entitled) Appointment Mill Nurse (second) (containing) letters of application, giving training and previous experience.
A378	1916	(Folder entitled) Bought Paper Shavings War Period (containing) circulars, correspondence, price lists.
A384	n,d	(Folder entitled) Tonnage (containing) records, minutes.
No No.	1916 - 19	(Loose papers headed) Timber bought into yard.
A395 No.2	1917	(Folder entitled) Croxley Mills Indispensables - Army Recruiting and Certified Occupations (containing) correspondence, forms, lists of men employed and occupations, regulations.
A396	1917 - 1918	(Folder entitled) Controlled Establishment Correspondence (containing) correspondence re output of mill regulations.

A422	1918	(Folder entitled) Employers Federation of Papermakers (containing) correspondence and statistics re wages.
A435a	1919 - 20	(Folder entitled) Proposed Alteration to Boiler House Plant (containing) orders, correspondence, estimates, trade literature.
A435b	1920 - 1	(Folder entitled) Proposed Alteration to Boiler House Plant & Isolating Valves to Steam Boilers 1925. (containing) correspondence.
A440a	1919	(Folder entitled) Employers Federation & Union Demands Hours and Wages (containing) Employers Federation rule book, correspondence, demands and proposals, minutes of meetings, strike notices, forms, notices, Minimum Rates of Wages Commission Act 1919, newspaper cutting.
A440b	1920 - 21	(Folder entitled) Employers Federation and Union Demands Hours & Wages (containing) agreements, statistics, correspondence, forms, newspaper cuttings, ballot papers.
A440C	1923	(Folder entitled) Employers Federation and Union Demands Hours & Wages (containing) agreements correspondence, Paper Makers' Association Annual Report.
A447	1919	(Folder entitled) Hallford Motor Lorries (J & E Hall Ltd) (containing) correspondence, cuttings.
A452	1920	(Folder entitled) Paper Makers' Report of Visit to German Paper Mills (containing) correspondence and reports by Mr P Seymour Smith and Mr D Crothers.
A460a	1930 - 1933	(Folder entitled) Croxley Stationery Dept & Apsley (containing) correspondence 1930-33 includes Balance Sheets for 1933.
A461		(Folder entitled) Applications for position as Chief Engineer (containing) letters of application with details of previous appointments, education and work experience.
A469	1920	(Folder entitled) Electricians Hours & Wages (containing) rules, correspondence.
A470	1920	(Folder entitled) Carpenters Hours & Wages (containing) correspondence.
A495	1920	(Folder entitled) Oil Fuel (containing) trade literature, plans, correspondence, estimate, contract, article.

A497	1920	(Folder entitled) Coal Conveyor (containing) correspondence, trade literature, price list.
A498	1920	(Folder entitled) 39" Disc Ruling Machine 31" Disc Ruling Machine 39" Briesard Ruling Machine (containing) correspondence re above machines.
A506	1921	(Folder entitled) Hot Water Condensate from Paper machines (containing) correspondence, specifications, estimates.
A520a	1922	(Folder entitled) Rubber latex (containing) correspondence, cuttings extract from article, paper samples, licence.
A520b	1922	(Folder entitled) Rubber Latex (containing) correspondence, cuttings, trade literature, paper samples, circular.
A523	1922 -1926	(Folder entitled) Esparto De Vain's Process for treating Esparto (containing) reports, correspondence, plans, estimates.
A524	1924	(Folder entitled) "Vickery" Patent Automatic Felt Cleaner (containing) correspondence, cuttings, trade literature, report.
A525	1919 - 1925	(Folder entitled) Trade Marks (containing) minutes, affidavit, correspondence, trade literature, list.
A554	1924 - 1927	(Folder entitled) Self Clamp Guillotine (containing) correspondence, trade literature, reprint from "International Illustrated Review" August 1923.
A564	1921 - 1925	(Folder entitled) Wholesale Stationers (containing) correspondence, newspaper feature, price list, paper samples.
A566	1925	(Folder entitled) Esparto Boiler, Washing Cylinder (containing) calculations, plans, correspondence.
A567	1924	(Folder entitled) No 1 Machine (containing) correspondence, calculations, specifications, plans, paper samples.
A571	1925	(Folder entitled) Ferro Prussiate (containing) correspondence.

A581	1924 - 1925	(Folder entitled) Croxley Steam Testing (containing) correspondence, trade literature.
A583	1925 - 1930	(Folder entitled) Visit to Germany - Mr Skeins (Containing) report, correspondence, specification, trade literature, plans.
A587	1925 - 1936	(Folder entitled) Stationery Department: Capital Expenditure (containing) correspondence.
A592	1925 - 1933	(Folder entitled) Combined Croxley & Apsley Stationery Depts (containing) correspondence, cutting, diagram, booklet on schemes for consolidation of Stationery Depts.
A594	1925	(Folder entitled) New Half Stuff Recovery Plant (containing) specifications, correspondence, photographs, trade literature, plans.
A604	1926	(Folder entitled) No. 4 Machine Alterations and Electric Drive (containing) correspondence, specification, plans, trade literature.
A613	1927 - 1936	(Folder entitled) Delthirna Plant (containing) trade literature, correspondence, agreements, samples, patent.
A622	1938 -1939	(Folder entitled) Capital Extension Programme 1938-1939 (containing) report on proposals for expansions.
A623	1938 - 1939	(Folder entitled) Detailed Investigation of Proposed Power Plant for the Mill producing 800 tons per week.
A624	1933	(Folder entitled) Report & Future Policy of Croxley Mills (containing) reports.
A625	1935	(Folder entitled) Proposed Schemes for Croxley Mills (containing) report.
A632	1947 - 1948	(Folder entitled) Proposed Pulp Mill in Lancs (Mount Sion) (containing) correspondence, paper sample, reports.
A637	1948	(Folder entitled) Tender for Boiler Plant (containing) correspondence re Stirling Boiler, specifications, contract form.

- B1 n.d (Folder entitled) Departmental Managers' C'ttee - Effluent (containing) table of effluent and soda recovery 1934/49 and January 1934 - December 1950, graphs, reports, minutes, memos.
- B2 1936 Dec -1938 (Folder entitled) Public Health (Drainage of Trade Premises) Act, 1937 (containing) minutes, correspondence, byelaws, circulars, report of Committee Debate, Water Undertakings (H.L) Bill 1939
- B3 (Folder entitled) Public Health (Drainage of Trade Premises) Act 1937 (containing) Acts, "General Notes on Provisions in Private Bill Legislation Session 1938-9", correspondence, byelaws, minutes.
- B4 1934 Jul - 1958 May (Folder entitled) Raw Materials - foreign.(containing) correspondence, circular, paper, pulp & fibre samples, statistics, cuttings, reports, reprints.
- B5 1938 - 1939 (Folder entitled) Straw (containing) correspondence, estimate, samples of pulp & paper, reports, photographs, reprint.
- B6 (Folder entitled) Straw June 1939 - June 1940 (containing) correspondence, paper & pulp supplies, reports, postcards, cuttings.
- B7 (Folder entitled) Straw July 1940 - Dec 1942 (Containing) correspondence, pulp & paper samples, agreements, reports, plans, cuttings.
- B8 (Folder entitled) Monthly Board Report Statement 1949-50-51 (containing) balance sheets.
- B9 (Folder entitled) Balance Sheet Reports Jan/June 1948 - 1952 (containing) reports.
- B10 (Folder entitled) Balance Sheet Reports CroxleyMills 1953/55 (containing) reports.
- B11 (Folder entitled) Balance Sheet Reports Nash Mills 1952/54 (containing) reports, correspondence.
- B12 (Folder entitled) Balance Sheet Reports Managers' P & B reports Jan/June 1957, Jul/Dec 1957, Jan/June 1958, July /Dec 1958 (containing) reports for Croxley Mills, Merchant Department, Nash Mills, Home Park Mills.

- B13 (Folder entitled) Thames Conservancy (containing) analysts' reports on effluent plan, correspondence, statement. n.d
- B14 (Folder entitled) Thames Conservancy (2) (containing) correspondence, reports, statements, press cuttings.
- B15 (Folder containing) correspondence, statements.
- B16 1949 (Folder entitled) Croxley Paper Mill, Watford. Conservators of the River Thames v Messrs John Dickinson & Co. Ltd 1939. Copy analyses carried out by Dr H.E. Cox, D.Sc., F.I.C, Ph.D, also copy proof of evidence with additions thereto and notes on dissolved oxygen (containing) analyses, statements.
- B17 1949 (Folder entitled) Analyses of samples of effluent from Croxley Paper Mill, Watford and Watercourses in the vicinity from January 1946 to October 1949 (containing) analyses.
- B18 1949 (Folder entitled) Correspondence addressed by the Conservators of the River Thames to Messrs John Dickinson & Co. Ltd from January 1946 to October, 1946 (containing) correspondence.
