

## ARCH : MAR

Research collection of E G Marin, chiefly re sun-dials and windmills

<b>A</b>	<b>Biographical and miscellaneous items</b>
1	Biographical
1/1	[Biographical note on] Eugène Gaspard Marin, 1883-1969. [c.1970?]  1 sheet, ts
1/2	[Autobiographical note with two portrait photographs and sketch] / [E G Marin]  3 leaves, holograph
2	Miscellaneous items re Marin's classification schemes
2/1	Extract from rough draft of letter written by E G Marin, 20.6.64. [Describes Marin's attitude to collecting and classifying activities, and his attempts to produce a classification scheme for cultural anthropology. 1964?]  2 sheets, ts photocopy
2/2	[List of 201 subject "files", covering wide range of subjects, but neither windmills nor sundials (MAR B and C below) is included. c.1955?]  6 sheets, ts
2/3	[Notes on] time-reckoning, geographic notation [and] chronological notation [apparently connected with Marin's classifying activities]. nd  5 sheets, ts photocopy, (original in Science Museum file ScM 562/249/1)
3	Miscellaneous items re time measurement
3/1	[Coptic calendar for the coptic year 1583=1866 AD, copied from 'Étude sur le calendrier copte et ses éphémérides' / E Tissot, Alexandria 1867]. Ms notes by Marin, in French  13p
3/2	[Copy of plate from <i>Journal Asiatique</i> 1893, illustrating an Arabic astrolabe of the 13 <sup>th</sup> century]  1 sheet, ms copy drawing

- 3/3 [List of types of sundial in the Musée de la Vie Wallonne, Liège]
- 2 sheets, holograph
- 3/4 [Copy of article from *Time Magazine* 1956 Jan 23, describing Jens Olsen's astronomical clock at the Town Hall, Copenhagen]
- 1 sheet, holograph
- 3/5 3 glass negatives of "clog almanacs"

## B

### Sun-dials

- 1 [Scheme for classification of sun-dials] / E G Marin, 1955 June
- 15 leaves, bound + 4 loose sheets tipped in, holograph
- 2 Folders of information on individual sundials
- 2/1 Sundials classified 1.0.1. - 1.7.7.44
- 2/2 ----- " ----- 2.0.3.11 - 2.1.3.431
- 2/3 ----- " ----- 4.1.3.41
- 2/4 ----- " ----- 4.1.2 and 4.1.3.44 - 4.1.6.9
- 2/5 ----- " ----- 4.1.3.42
- 2/6 ----- " ----- 4.1.3.43 and 4.2
- 2/7 ----- " ----- 5, 6 - 7 and unclassified examples
- 3 [Correspondence] 1942 Aug 7 - Oct 15 [with] T W Cole, [re scratch dials] / E G Marin
- 23 sheets + 3 cardboard models
- 4 4 negatives probably (?) connected with sundials

## C

### Windmills

- 1 Classification
- 1/1 Methodology [for a study, analysis and classification of windmills] / E G Marin
- 3 sheets, ts photocopy
- 1/2 [List of classification numbers for windmills, used in the folders of MAR C2]
- 6 sheets, ts photocopy
- 2 Folders of information on individual windmills as listed in C 1/2

above (many with illustrations). [NB no copy of the overall classification has survived as in the case of the sundials in MAR B above; however, the full scheme can be deduced from C 1/2 and from a study of the folders. The subjects within C 2 below were originally listed in groups, as in B 2 above. However these groups' numbers cannot be typed and hence have been omitted although a copy of the previous listing which bears these numbers has been retained]

- 2/1 Horizontal mills, including prayer-wheels
- 2/2 Miscellaneous oblique axis mills
- 2/3 Post mills with Dutch sails and open trestle, used for grinding
- 2/4 Various post mills with Dutch sails
- 2/5 Various post mills
- 2/6 "Sectoral" and pivot- and- curb mills
- 2/7 Hollow post mills
- 2/8 Cap mills and tower mills
- 2/9 Cap mills and smock mills
- 2/10 Tower mills
- 2/11 Cap mills and tower mills
- 2/12 Tower mills
- 2/13 Cap mills with Dutch sails
- 2/14 Cap or smock mills with Dutch sails
- 2/15 Cap or tower mills with Dutch sails
- 2/16 Tower and cap mills with Berton sails
- 2/17 Cap mills with slat sails
- 2/18 Various cap, tower and smock mills
- 2/19 Cap and tower mills with slat or ring sails
- 2/20 Skeleton mills
- 3 Windmill illustrations (photos, postcards, cuttings etc)
- 4 Ms notes found in Marin windmill etc books

[8 leaves]
