**Estate Survey**

DPE/E/1	Survey of Messrs Richards' and Morgan's Estate in Glamorgan and Monmouthshire, [by William Morrice]	1777-1778 1784-1785
---------	---	------------------------

[The original survey, 1777-1778, comprises pages 1-50 which were called in the original folios. Additions to the survey were made in 1784 and 1785 and these additions comprise pages 51-60, with gaps, and one unnumbered item. An index sheet in the volume identifies the contents of pages 1-60 and of the unnumbered item. With the exception of pages 41 and 42 and the unnumbered item all plans are drawn in ink and watercolour on paper. Pages 41 and 42 comprise one parchment on which the plan has been drawn in ink and watercolour. The unnumbered item is drawn in ink but is uncoloured.

All plans give acreages. The majority of plans specify field names. A colour code has been used throughout the survey to denote methods of cultivation.

Additional loose plans found in the volume have been listed separately.]

Surveyed by William Morrice, 1777-1778
