DONCASTER METROPOLITAN BOROUGH : ARCHIVES DEPARTMENT

NATIONAL COUNCIL ON INLAND TRANSPORT

33914

The Council originated from a meeting convened by the Pedestrians' Association for Road Safety on 10 July 1962. This meeting was held to consider the implications of the Conservative government's plans, following the Beeching Report, to close railway branch lines. Those attending decided to establish the National Council.

The papers catalogued here are those of three of its officers. Minutes of the executive committee 1962 to 1987 are to be found at 1/1-4; annual reports 1964-1965 to 1986-1987 at 3/1/1-23; and the newsletters 1963 to 1977 at 3/1/24-30.

SELECTIVE INDEX

This selective index relates only to (1) records on the same subject which are to be found in more than one section of this catalogue and which (2) do not have a separate entry in the table of contents at the front of the catalogue in all cases. If a subject appears only once in the catalogue it will, therefore, have no entry here.

PAPERS OF DR. AWT DANIEL

Dr AWT Daniel MA Ph.D. (Cambridge) AMICE was a lecturer in civil engineering at Queen Mary College in the University of London. He was Chairman of the NCIT from November 1965 to May 1984. His papers listed here contain material relating both to the NCIT and to the Railway Development Society in which he was also actively involved. They also include a number of speeches made by the first Chairman, Lord Stonham.
