1-73. 1872-1914

Correspondence:

1. 1872 June 1

LETTER: Joseph Holl, Portmadoc to W.E. Morris enclosing the accounts which have been returned by Mr. Breese and asking him to have them signed and returned to Mr. Jones in time for tomorrow's post.

Endorsed:

ROUGH ACCOUNT of harbour dues on goods for the quarter ending 31 June 1872.

2. 1880 Oct. 26

COPY LETTER: William E. Morris, Portmadoc to F. Roche, esq., stating that he has paid to his credit the sum of £600 on account of harbour dues for the quarter ending 30 Sept.. There are still dues on slate of £150 which he has not been able to get in yet.

3. 1881 Jan. 31

COPY LETTER: W.E. Morris, Harbour Office, Portmadoc to F. Roche, esq., stating that he has paid £400 to his credit at the National Provincial Bank on account of Harbour Dues for the quarter ending 31 Dec. 1880. Less timber has been imported; shipment of slate remains stable and more by rail. Nett produce will be about £10 less. Good prospect for the foreign slate trade.

4. 1881 April 23

COPY LETTER: Wm. E. Morris, Harbour Office, Port Madoc to F.W.A. Roche, esq., Tregunter, stating that he has paid £400 to his credit at the National Provincial Bank on account of Harbour Dues for the quarter ending 31 March 1881. £100 dues on slates still uncollected. Expenditure will be greater this month on account of income tax payments etc., but nett produce will exceed last March quarter. They have commenced putting up the fenders on the pier. Slate trade is not very brisk.

5. 1881 July 30 COPY LETTER: W.E. Morris, Harbour Office, Portmadoc to F.W.A. Roche, esq., Tregunter, stating that he has paid £600 to his credit at the National Provincial Bank on account of Harbour Dues for the quarter ending 30 June 1881. Expenditure is up on account of the fenders etc., but receipts are better by £20. £60 dues on slates unpaid. He will send a statement of the quarters receipt and expenditure.
6. 1881 Aug. 9 COPY LETTER: William E. Morris, Portmadoc to F. Roche, esq., Tregunter, Brecon, enclosing an order which he has received from the Trinity Board re inspecting the bar buoys on 15th August.
7. 1882 April 28 COPY LETTER: W.E. Morris, Portmadoc to [F.W.A. Roche, esq.], informing him that he has paid to his credit at the National and Provincial Bank £250 on account of Harbour Dues for the quarter ending 31 March. Balance of £100 yet to come from several of the slate proprietors. Slate trade is good this month. German merchants are sending in extensive orders fearing that Bismark will put duty on slates imported into the country.
8. 1882 July 23 COPY LETTER: Wm. E. Morris, Harbour Office, Port Madoc to F.W. Roche, esq., Tregunter, Talgarth, Brecon, stating that he has paid £650 to his credit at the National Provincial Bank on account of Harbour Dues for the quarter ending 30 June 1882. Shipment of slates continues good but not as good as June quarter.
9. 1882 Oct. 27 COPY LETTER: Wm. E. Morris, Port Madoc to F.W.A. Roche, esq., stating that he has paid £550 to his credit at the National Provincial Bank on account of Harbour Dues for the quarter ending 30th Sept.. Great slacking in the slate trade; quantity of shipments being nearly 4000 less compared with the corresponding quarter last year. £80 of dues of slates yet to come in; expenditure less; £100 more due to Mr. Roche when the account is settled in November.

10. 1883 Feb. 14 COPY LETTER: W.E. Morris, Harbour Office, Portmadoc, stating that he has paid £330.10s.3d. to his credit at the National Provincial Bank on account of Harbour Dues for the quarter ending 31 Dec. 1882, also £45 rent of Embankment Gate due 12 Feb. 1883. He is afraid that he will lose money on the [tolls] and so asks whether he could have the gate for £160 next year. The Bala-Trawsfynydd Railway has much reduced the number of carts passing through. The shipment of slates is progressing for the Hamburg and Baltic trade which is their principal stronghold as no railways can touch that trade. The bad weather has caused further damage to the ballast bank which needs to be repaired.
11. 1883 June 5 COPY LETTER: Wm. E. Morris, 24 Lombard St., Portmadoc to F.W.A. Roche, esq., Tregunter, sending him a plan of the proposed new hay house which he has asked him to erect at Penamser on the portion of land below the Criccieth Road. The estimated value of the buildings is £70.
12. 1883 Nov. 5 COPY LETTER: William E. Morris, Portmadoc to F.W.A. Roche, esq., informing him that he has paid £500 to his credit at the National Provincial Bank on account of the quarter ending 30 Sept.. Complains that the shipment of slates has greatly fallen off in comparison to what it was in 1872, nearly 5,000 less, so the dues on vessels have decreased. The goods per the Rebecca and other vessels have kept up well. The coal trade is also decreasing on account of the railway communication to Festiniog having two lines against one. States that business 'is now very dull, scarcely any slates being shipped'. Foreign trade fell off earlier than in previous years also.

13. 1884 May 12 COPY LETTER: Wm. E. Morris, Harbour Office, Portmadoc to F.W. Roche, esq., Tregunter, Talgarth, Brecon, stating that he has paid £450 to his credit at the National Provincial Bank on account of Harbour Dues for the quarter ending 31 March 1884. Imports were less because of railway competition. Dues on slates were more by £20. Trade is slacker due to the fall off in foreign orders.
14. 1884 Nov. 10 COPY LETTER: Wm. E. Morris, Portmadoc to [F.W.A.] Roche, stating that he has paid £530 to his credit at the National Provincial Bank on account of Harbour Dues for the quarter ending 30 Sept. 1884. Imports are less due to the steam mill being under repair for the last four months and customers having their flour by rail. Export of slate has been very good.
15. 1885 Feb. 4 COPY LETTER: Wm. E. Morris, Harbour Office, Portmadoc to F.W.A. Roche, esq., stating that he has paid £300 to his credit at the National Provincial Bank on account of Harbour Dues. Mr. Roberts, Ynystowyn has sent him the bills for repairing the sluice gate, which amount to nearly £37. Expenses are heavier than in the summer quarter because of all the tradesmen's bills, etc.. Slate shipments are improved: quarter's dues will be increased by about £100.
16. 1885 May 19 COPY LETTER: [Wm. E. Morris], Harbour Office, Portmadoc to F.W. Roche, esq., Tregunter, Brecon, stating that he has paid £500 to his credit on account of Harbour Dues ending 31 March 1885. He encloses a statement of Harbour Dues received from 1879. Details re expenditure over the last six years.
17. 1885 June 8 LETTER: F. Roche, Tregarth, Talgarth, Breconshire to Mr. W.E. Morris, asking him for another copy of the Receipts and Expenditure of the harbour during the last

17.(cont. 'd) ...

few years. Also a statement of receipts only and a list of present charges on goods and 'in and out' dues with maximum charges only.

Endorsed:

COPY LETTER (11 June 1885) in reply to the above enclosing the information as requested above.

18. 1885 Aug. 17

COPY LETTER: Wm. E. Morris, Harbour Office, Portmadoc to F. Roche, esq., Tregunter, Talgarth, Brecon, stating that he has paid £450 to his credit at the National Provincial Bank on account of Harbour Dues for the quarter ending June. The shipment of slates is 6358 tons less than the corresponding quarter. The Cwmorthin Co. owe nearly £60.

19. 1885 Oct. 29

COPY LETTER: Wm. E. Morris, Harbour Office, Portmadoc, to F.W.A. Roche, esq., Tregunter, stating that he has paid £197.1s.7d. to his credit at the National Provincial Bank, being the balance of Harbour Dues for the quarters ending 31 March and 30 June. 23. 1886 Nov. 26 COPY LETTER: W.E. Morris, Harbour Office, Portmadoc to F.W. Roche, esq., Tregunter, Talgarth, stating that he has paid £350 to his credit at the National Provincial Bank on account of Harbour Dues for the quarter ending 30 Sept.. Some of the shippers have not yet paid their dues which accounts for the delay. There should be a balance of about £100. Shipments of slates have been nearly up to average of the corresponding quarter.
24. 1887 Jan. 29 COPY LETTER: Wm. E. Morris, Port Madoc to F.A. Roche, esq., Tregunter, Brecon, stating that he has received his letter of 28th. Total receipts for Harbour Dues from vessels during quarter ending 31 Dec. are £137, but the expenditure for this quarter will exceed that sum. The slate proprietors are very backward in paying. He will pay between £200 and £250 to his credit at the National Provincial Bank next week, and prepare the quarterly account.
- Endorsed:

61. [1904 Nov.] COPY LETTER: Beynon & Co. Ltd., [Cardiff] to H. Humphreys, esq., Blaenau Festiniog, enclosing a receipt for his cheque in payment of the Sept. account. As regards the account for harbour dues per the Aeron Belle, they had previously received a statement from the Harbour Office at Port Madoc and replied that the harbour dues were payable by the vessel. Mr. Humphries is certainly not liable for these charges and he advises him to write to the Harbour Authority to this effect.
